**Bernard C. Nalty : Outpost War: United States Marines From the Nevada Battles to the Armistice** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Outpost War: United States Marines From the Nevada Battles to the Armistice:

0 of 1 people found the following review helpful. Been there. Done that. By F. Donovan. Finally a book about the outpost wars of 5253. Served in Baker 1-1, 60 mortars. Nalty hit the nail on the head. Descriptions were spot on. Weather, bunkers, chow etc. I remember this so well: running yobo trains out to the OPs, riding shotgun for comm guys on rewiring jobs, lugging jerry cans of water in minus 0 degrees from streams in front of the MLR. If I were to write a book about this subject this would be my main reference. Found a copy of the book thru it wasn't easy. This annotated book is now in my book case. Semper Fi is now in my book case with notes on most pages.
