From Brand: Africa World Pr : Pan African Nationalism in the Americas: The Life and Times of John Henrik Clarke before purchasing it in order to gage whether or not it would be worth my time, and all praised Pan African Nationalism in the Americas: The Life and Times of John Henrik Clarke:

2 of 3 people found the following review helpful. Good Book, but not as good as a similar book by John Henrik ClarkeBy Egyptian GurI always enjoy reading ANYTHING that John Henrik Clarke has written -- and this was no

exception. However, many of the writings/essays that were compiled in this anthology can be found in a book written by John Henrik Clarke himself -- African World Revolution! These articles/writings, compiled by James Conyers, inspired me to review African World Revolution again. African World Revolution tells me just how far ahead of the world John Henrik Clarke was, and what a genius he was. As I read many of his familiar essays from "The Life and Times of John Henrik Clarke," I became very sad, as I realized that African people have a long way to go for liberation, much of it being work to be done on their part. However, "The Life and Times of John Henrik Clarke" reminds us of what a great legacy Clarke left, and how we need to move forth. Thank you James Conyers, Jr. for reviving many of his great essays into this anthology. 3 of 3 people found the following review helpful. AN ANCESTOR TO FOLLOW By S. NWADIE II gave this book to a friend who lost all his books in a fire at his home. He immediately told me, sistah, I am going to take my time and read this one. Where did you get it? I had already ordered myself another one, before I packaged it up as a gift. I have loved this Brotha since I bought his c.d. PanAfricanism or perish!

As one of the pioneering scholars in the discipline of Africana Studies, John Henrik Clarke spent majority of his adult life, researching, rescuing, constructing debating, and preserving the study of African world history. His unique style and analysis postured from a Pan Africanist perspective, is one of the lasting contributions Clarke dispensed to students and life long learners. This volume is a compilation of unpublished critical essays solicited by selected scholars and reprinted articles of Clarke. The subject categories are in the subject areas of: Critical essays, Black Nationalism, Africana thought and biography, Africana historiography, narratives, and global Pan Africanist political thought. Moreover, in reviewing the scholarship of Clarke, he sequentially queried the privilege of selected cultural groups and the systematic subordination of others. Indeed, these questions regulate the parameters of who decides who gets what and why Clarke was concerned about issues of equity, but prioritized issues and schema of moral and ethical behavior of humans. Still with an ardent and critical analysis concerning the status of Africa world affairs, Clarke was a humanist, who dedicated himself to the advance the social, political, and economic condition of African people throughout the world.

About the Author James L. Conyers, Jr. is Director of the African American Studies Program and Professor of African American Studies at the University of Houston, Texas. He has authored or edited twenty-one books, the most recent of which are Black Culture and Race Relations and Afrocentricity and the Academy. Julius E. Thompson who earned his Ph.D. in American History from Princeton University in 1973 is currently Professor of History and Director of the Black Studies Program at the University of Missouri, Columbia.
