**Lee Archer William Auerbach : Panzerwrecks 15 - German Armour 1944-45** before purchasing it in order to gage whether or not it would be worth my time, and all praised Panzerwrecks 15 - German Armour 1944-45:

There's also an update on PW 10 showing new pics of some of the pieces in that volume. Then finally some new (to me) pictures of the captured wreck of the 54cm version of Karl Gerate Nr.IV. I might have to dust off the old Dragon kit now that there's some good pictorial inspiration.0 of 0 people found the following review helpful. Five StarsBy Russell HarringtonGreat Reference
