This book and DVD set provides a fascinating account of the epic conflict on land, sea and air, from the darkest days of the war to the spectacular sea battles that broke the Japanese advance and the struggle to liberate Asia and the Pacific which followed. This Commemorative Edition hardcover includes four DVDs with all 26 episodes of Crusade in the Pacific, long-recognized as the finest film account of the war in the Pacific ever released. Originally produced for the cinema, it contains over 11 hours of rare and dramatic footage supplied by many hundreds of different combat cameramen.
