Philip J. Haythornthwaite : Peninsular War: The Complete Companion to the Iberian Campaigns 1807-1814 (Brassey's Almanac) before purchasing it in order to gage whether or not it would be worth my time, and all praised Peninsular War: The Complete Companion to the Iberian Campaigns 1807-1814 (Brassey's Almanac):

2 of 2 people found the following review helpful. Deskside Reference to the Peninsular War...By HMS WarspitePhilip Haythornthwaite's "The Peninsular War" is a very useful deskside reference for the campaigns in the Iberian Peninsula

1807-1814. It is immediately notable for covering all sides of the conflict and not just the usual emphasis on the British and French Armies. The author opens with a fairly detailed chronology of the war that notes the major military and political events in Portugal and Spain, and in Britain and France, through the abdication of Napoleon in 1814. The second major section of the book is a who's who of Portuguese, Spanish, British, and French military and political leaders directly involved in the Peninsular War. The biographies are concise but informative. The third portion of the book is a summary of the military involvement of the participants. Here, Haythornwaite includes the smaller adjunct forces from Holland, Italy, and the Kingdom of Naples, and Sicily who were represented on the battlefield. The last portion of the book includes an excellent glossary and some statistical data on the conflict. There is a nice selection of prints and paintings illustrating the period. Haythornwaite thoughtfully includes a general bibliography. "The Peninsular War" is very highly recommended to students of that conflict looking for a quick reference guide at the operational and strategic level of war. It is an excellent companion piece to the many available histories of the Peninsular War.

This volume examines the war that saw Napoleon seek to gain control of neutral Portugal in an attempt to stop British trade with continental Europe. The reasons for war, a chronology of action, the leading officers, the combatant forces and their weapons, and aids to further study are included.

About the Author Philip Haythornthwaite is amongst the most popular and successful of Britain's military writers. His books, including *The Napoleonic Source Book* and *Die Hard!* Have received international acclaim. His chief attribute is his understanding of what researchers want in their books of reference; his attention to detail and reputation for accuracy is unrivalled.
