From Yale University Press : Picturing Russia: Explorations in Visual Culture before purchasing it in order to gauge whether or not it would be worth my time, and all praised Picturing Russia: Explorations in Visual Culture:

0 of 1 people found the following review helpful. Beautiful and interesting essays on cultural history and material cultureBy KLGBeautiful and interesting essays on cultural history and material culture. The text itself as an object is also beautifully made with high quality materials.0 of 1 people found the following review helpful. Five StarsBy N. NelsonA beautiful and informative book.0 of 2 people found the following review helpful. Five StarsBy Colbert PhilippePerfect!

What can Russian images and objects—a tsar's crown, a provincial watercolor album, the Soviet Pioneer Palace—tell us about the Russian people and their culture? This wide-ranging book is the first to explore the visual culture of Russia over the entire span of Russian history, from ancient Kiev to contemporary, post-Soviet society. Illustrated with more than one hundred diverse and fascinating images, the book examines the ways that Russians have represented themselves visually, understood their visual environment, and used visual images in social and political contexts. Expert contributors discuss images and objects from all over the Russian/Soviet empire, including consumer goods, architectural monuments, religious icons, portraits, news and art photography, popular prints, films, folk art, and more. Each of the concise and accessible essays in the volume offers a fresh interpretation of Russian cultural history. Putting visuality itself in focus as never before, *Picturing Russia* adds an entirely new dimension to the study of Russian literature, history, art, and culture. The book enriches our understanding of visual documents and shows the variety of ways they serve as far more than mere illustration.

"This book presents a tapestry of images of Russia covering the whole sweep of Russian history. No other volume is quite like this compendium."—Jeffrey Brooks, Johns Hopkins University
