Susan Gibson Mikos : Poles in Wisconsin (People of Wisconsin) before purchasing it in order to gage whether or not it would be worth my time, and all praised Poles in Wisconsin (People of Wisconsin):

0 of 0 people found the following review helpful. Well written and an enjoyable read for descendants of any European ethnic group!By LarryVery interesting to even a non-polish reader! I love the translated memoir of Marciej Wojda! I read it more than once and enjoyed reading passages to my grandchildren so they could share some in the hardships and joys of those pioneers. I'm of German peasant stock. Proud of it! I actually laughed and took joy from Marciej's assessment of Germans. "...and you can see...that even among Germans there are good people, but very few, it's more than certain." I must admit there's more than a grain of truth in that statement knowing how the Poles were treated. A

joy to read!0 of 0 people found the following review helpful. excellent bookBy Robert UgowskiGood book. Gives a lot of information on what my grandparents had to do . Very good .1 of 1 people found the following review helpful. So good, I bought two!!By Cynthia M. PetreI found this book to be perfect for my needs--I've been researching my Polish family history in Wisconsin for years, and this is the first time I've found a book specific to my Polish ancestors who settled there. Kudoes to this author!

In this all-new addition to the People of Wisconsin series, author Susan Mikos traces the history of Polish immigrants as they settled in America's northern heartland. The second largest immigrant population after Germans, Poles put down roots in all corners of the state, from the industrial center of Milwaukee to the farmland around Stevens Point, in the Cutover, and beyond. In each locale, they brought with them a hunger to own land, a willingness to work hard, and a passion for building churches. Included is a first person memoir from Polish immigrant Maciej Wojda, translated for the first time into English, and historical photographs of Polish settlements around our state.

"...this book is a welcome addition to the literature on this important state Polonia, and the price is a double treat."
(John M. Grondelski, Polish American Studies)
