Peter Hofschröder : Prussian Cavalry of the Napoleonic Wars (1) : 1792-1807 (Men-At-Arms Series, 162) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Prussian Cavalry of the Napoleonic Wars (1) : 1792-1807 (Men-At-Arms Series, 162):

1 of 1 people found the following review helpful. OspreyBy Scott BaileyOsprey does it again in another wonderful title. Cover uniforms, units and training. This book cover what happened to the Prussian Cavalry during this time period. The reader will like the performance against the French cavalry and the outcomes. Most enjoyable part is the battles being reviewed. Military readers will get a chance to see why the Prussian Cavalry did not perform well.0 of 0 people found the following review helpful. Thanks for the guide!By johnny e. roseGreat guide for painting!

When Frederick II (later known as Frederick the Great) came to the throne in 1740, he had three advantages for which he owed thanks to his father: a modern, well-organised state; full coffers; and a properly trained and equipped army. Under a leader as renowned as Seydlitz, the Prussian cavalry achieved the nearest to a state of perfection that it was ever going to. So great was its reputation in the Seven Years' War that Napoleon made a special point of warning his men at the beginning of the 1806 campaign to beware of the Prussian cavalry.

From the Publisher Packed with specially commissioned artwork, maps and diagrams, the Men-at-Arms series is an unrivalled illustrated reference on the history, organisation, uniforms and equipment of the world's military forces, past and present. About the Author Peter Hofschröer is a recognized expert on the German campaigns of the Napoleonic Wars and the Prussian Army in particular. He has already written *Leipzig 1813* in the Campaign series.
