Peter Hofschroer : Prussian Napoleonic Tactics 1792-1815 (Elite) before purchasing it in order to gage whether or not it would be worth my time, and all praised Prussian Napoleonic Tactics 1792-1815 (Elite):

0 of 0 people found the following review helpful. Excellent Basic Resource By John T. Healy III am new to this field of study. However, I think that this book has helped me gain a basis knowledge of the subject in an interesting and fun way. The color plates and copious diagrams are excellent. I have gained lots of fun ideas for use in various war-game scenarios. 7 of 8 people found the following review helpful. Falls Short of My Expectations By RWHPeter Hofschroer is a good author and a specialist on Prussian/German roles during the Napoleonic Wars. I had expected more discussion on the differences between the Pre- and Post- Jena tactics. My expectations were disappointed. He barely touches the issue and I'm not sure why. Is the material not available? Clearly, something happened in 1806. I could guess, but since I can't translate German I would rather have my guess confirmed by documentation or disproved.

What Mr. Hofschroer write is meaningful information and quite detailed. If you want to know how a battalion went for column to line or the positions of Officers, NCO, and Specialists this is a good source.0 of 1 people found the following review helpful. Five StarsBy Lanceyes to all the series

Osprey's examination of Prussia's battle tactics during the Napoleonic Wars (1799-1815). Written by a leading expert on the Prussian army of the Napoleonic era, this title provides crucial insight into the 18th century evolution of the Prussian forces, the war-winning troops of the final battles against Napoleon. Using contemporary materials including drill regulations, instructions, staff and regimental histories and after action reports, this book provides a compelling history of the Prussian tactics from 1792 until 1815. It includes a study of the professional Prussian army during the Revolutionary Wars to the mass mobilization of a conscript army that fought during the Wars of Liberation and Waterloo. Following on from the success of Osprey's other Elite Tactics volumes, this is a must-have for serious students of Napoleonic warfare, armchair generals, and wargamers alike.

About the AuthorPeter Hofschröer is a qualified historian and linguist specializing in the Napoleonic Wars. His two-volume work *1815: The Waterloo Campaign* received the 1999 Napoleonic Society of America Literary Award. He is a well-known contributor to various academic and hobby magazines, is a fellow of the International Napoleonic Society and has been twice awarded the Bismarck Memorial Medal. His previous works include *Campaign 25: Leipzig 1813*.
