**Catherine Clinton : Public Women and the Confederacy (Frank L. Klement Lectures)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Public Women and the Confederacy (Frank L. Klement Lectures):

4 of 4 people found the following review helpful. EnjoyedBy MseasonI really enjoyed reading this as an introduction to the subject. I actually bought to familiarize myself with the time period, but after reading the lecture actually found

the resource list/bibliography to be invaluable. Prof Clinton has set me up for weeks worth of happy reading! Totally worth the money and time. Written in keen academic style but readable for any college level reader with a general understanding of the 19th C.
