**Matthew Desmond, Mustafa Emirbayer Associate Professor : Racial Domination, Racial Progress: The Sociology of Race in America** before purchasing it in order to gage whether or not it would be worth my time, and all praised Racial Domination, Racial Progress: The Sociology of Race in America:

2 of 2 people found the following review helpful. Amazing Informative BookBy R.G.P.This book was one of the most interesting books I've read in college. The history of how modern day racism at the institutional and interpersonal level was very in-depth. There were a lot of helpful statistics that empirically shows racial disparities in today's society. I highly recommend this book, it also reminded me of another interesting book, "Lies My Teacher Told Me."0 of 0

people found the following review helpful. not bad!By Jade HawkinsOrdered for class, not bad!0 of 0 people found the following review helpful. I can tell you I really enjoyed this oneBy CustomerAs a person who never reads textbooks, I can tell you I really enjoyed this one.Really great connection of history to the present state of society.Stated in terms and conceptually to be understood by common people, which is always a problem in higher ed.

Racial Domination, Racial Progress: The Sociology of Race in America looks at race in a clear and accessible way, allowing students to understand how racial domination and progress work in all aspects of society. Examining how race is not a matter of separate entities but of systems of social relations, this text unpacks how race works in the political, economic, residential, legal, educational, aesthetic, associational, and intimate fields of social life. Racial Domination, Racial Progress is a work of uncompromising intersectionality, which refuses to artificially separate race and ethnicity from class and gender, while, at the same time, never losing sight of race as its primary focus. The authors seek to connect with their readers in a way that combines disciplined reasoning with a sense of engagement and passion, conveying sophisticated ideas in a clear and compelling fashion.
