**Robert W. Black : Rangers in Korea: The War the World Didn't Want to Remember, Fought by the Men the World Will Never Forget** before purchasing it in order to gauge whether or not it would be worth my time, and all

praised *Rangers in Korea: The War the World Didn't Want to Remember, Fought by the Men the World Will Never Forget*:

1 of 1 people found the following review helpful. I was an original member of the 1st Ranger Company ...By Ranger All was an original member of the 1st Ranger Company. Black has done an outstanding job documenting the exploits of the Rangers in Korea. It was heartbreaking to read of the many 1st Company dead at Chipyong-Ni in February 1951. I am completing the history of the 1st Company started by CSM Chuck Waters before his death.1 of 1 people found the following review helpful. Very DetailedBy Loren CapsopoulosI first purchased a copy of this book several years ago and then loaned it to a Korean War veteran. It was never returned, but that was okay. So I recently bought a copy here on . I wanted this book because my Father was a Ranger and is in fact listed in the book. If you are a veteran or have a family member who fought in this war, this book is a valuable resource for understanding it. So many details about each unit. I can't praise it enough.1 of 1 people found the following review helpful. Heroic RangersBy Joan R. ParkerVery informative account of the heroic Rangers during the Korean War. Seeing my husbands name included made me very proud. He enjoyed this book very much. Thank you!

A generation before Vietnam, the war for Korea raged. It was as rough and dirty a war as has ever been fought—a war small in history, but very large to the men who waged it. . . .In the Korean War, one group above all others distinguished itself, a small elite band who volunteered for action behind enemy lines. They were the men of the U. S. Army's legendary Rangers. They succeeded in making the first combat jump in Ranger history, destroying enemy headquarters, and inflicting the first defeat on Communist Chinese forces while suffering a disproportionate number of casualties.This is their story, told here for the first time—based on military records, interviews with survivors, and the author's personal experiences as an American Ranger in the Korean War.

From the Inside FlapA generation before Vietnam, the war for Korea raged. It was as rough and dirty a war as has ever been fought—a war small in history, but very large to the men who waged it. . . .In the Korean War, one group above all others distinguished itself, a small elite band who volunteered for action behind enemy lines. They were the men of the U. S. Army's legendary Rangers. They succeeded in making the first combat jump in Ranger history, destroying enemy headquarters, and inflicting the first defeat on Communist Chinese forces while suffering a disproportionate number of casualties.This is their story, told here for the first time—based on military records, interviews with survivors, and the author's personal experiences as an American Ranger in the Korean War.About the AuthorRobert W. Black is a retired U. S. Army colonel who served in Vietnam and with the 8th Ranger Infantry Company (Airborne) in the Korean War. He is a member and past president of the Airborne Ranger Association of the Korean War and is currently working on his memoir as a Ranger in both the Korean and Vietnam Wars. He lives in Carlisle, Pennsylvania.
