week and I can't wait another week for them, when I was expecting them now! 0 of 0 people found the following review helpful. Wonderful read/teaching material! By Dylan Very interesting book! A good look at the United States through an international lens, and wonderful teaching material for me to use. Often times, we forget that we, as Americans, live in a world where we are not the centerpiece. The world does not, and has never revolved around us. This book does a great job of showing that to be the case.

This unique two-volume primary source collection, expertly edited by the authors of *American Horizons*, provides a diverse set of documents that situate U.S. history within a global context. Covering political, social, and cultural history, the nearly 200 selections--including many visual documents--will spark discussion in the classroom and give students a deeper understanding of America's history. Reading *American Horizons* includes solid pedagogy, like headnotes and discussion questions, to make the documents more accessible to students. Buy a Bundle to Save a Bundle! Reading *American Horizons* is just \$10 when packaged with *American Horizons*. For more information on packaging options or package ISBNs, please contact your Oxford University Press representative or call 800.280.0280.
