Interesting look at the Reconstruction era and the part that ...By Harold KingInteresting look at the Reconstruction era and the part that slaves played in it. It was interesting to compare my great-great aunt's version of reconstruction (she lived through it) to this book, they agree in many areas.0 of 0 people found the following review helpful. Five StarsBy Linda C. SellersValuable information made to bring

history to light.0 of 0 people found the following review helpful. Five StarsBy LauraThis is an interesting book, on time and perfect

Ever since its original publication in 1961, *Reconstruction after the Civil War* has been praised for cutting through the controversial scholarship and popular myths of the time to provide an accurate account of the role of former slaves during this period in American history. In this edition Franklin has updated his work to acknowledge the enormous body of research and scholarship that followed in the wake of the first edition. New are Franklin's references to important, later texts that enrich the original narrative. In addition, the extensive bibliography has been thoroughly revised. What has not changed, however, is the foundation Franklin has laid. Still compelling are his arguments concerning the brevity of the North's military occupation of the South, the limited amount of power wielded by former slaves, the influence of moderate southerners, the flaws of the constitutions drawn up by the Radical state governments, and the reasons for the downfall of Reconstruction.

About the Author John Hope Franklin (1915–2009) was the James B. Duke Professor of History Emeritus at Duke University. He is the author of many books, including *Mirror to America: The Autobiography of John Hope Franklin* and *Racial Inequality in America*.
