Warren M. Bodie : Republic's P-47 Thunderbolt: From Seversky to Victory before purchasing it in order to gage whether or not it would be worth my time, and all praised Republic's P-47 Thunderbolt: From Seversky to Victory:

This book will come to be known as the definitive work on the history of the Republic P-47 Thunderbolt. Nothing else even comes close to the research done by this author in covering the birth of this famous aircraft, from Major Alexander P. de Seversky and his chief engineer Michael Gregor's design in the late 1920's to its final form as one of the finest fighter aircraft of World War Two. 417 pages filled with numerous BW and color photographs...this is a thrilling story, well told and documented
