**From Castle Books : Retreat With Honor (Battles Leaders of the Civil War Vol.4)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Retreat With Honor (Battles Leaders of the Civil War Vol.4):

4 of 4 people found the following review helpful. like the other three volumes in the setBy Brian OSullivanPhysically this is a well produced book. Content wise this, like the other three volumes in the set, is full of articles written by those who fought in the Civil War. This then is both the strength and the weakness of this series, as naturally some accounts contained within will be somewhat biased. That being said, this set is a valuable addition to the library of anyone interested in the period.1 of 1 people found the following review helpful. Battles and Leaders of the Civil War is recognized as the outstanding history of the War between the States to come out of the 19th century. This series was originally conceived in 1883 by the editors of Century Company, who set out to provide an accurate, unbiased account of the war. It was authored by the commanders and their subordinates from both the Confederate and Union forces who actually fought, planned or were eyewitnesses to the events they describe therein. Volume 4 relates the events that led to the end of the war. It opens with a detailed description of the land and sea operations at the Battle of Charleston. Grant's Wilderness Campaign and Sherman's march to Atlanta are vividly portrayed. After mounting the final actions in Arkansas, Missouri and Tennessee, this volume depicts the closing naval operations, Sherman's march through the Confederacy and climaxes with Lee's surrender at Appomattox.
