Gregory L. Freeze : Russia: A History before purchasing it in order to gage whether or not it would be worth my time, and all praised Russia: A History:

0 of 0 people found the following review helpful. A great comprehensive reader on a complex subjectBy Jezebel ImpalaA great comprehensive reader on a complex subject. Russian history can be overwhelming: so many cultures, countries, and people to keep track of, but this book lays it out in an intelligent, accessible way.0 of 0 people found the following review helpful. Five StarsBy John HoseA well written and well organized history of Russia in the modern

era by a first-class historian. 0 of 0 people found the following review helpful. Russia: A History by Gregory L. Freeze
By Lenore Stamper
This book was very helpful to me in preparation for a program on Russia, Although I would have liked more history, The book gave sufficient information for the limited time I had.

Hailed by the Los Angeles Times as "a brisk, exciting tour of Russia's long journey from its Kievan origins," Russia: A History cuts through the myths and mystery that have surrounded this nation from its earliest days, with startling revelations from classified archives that until recently were not even known to exist. A distinguished team of historians has stripped away the propaganda of the past to tell the definitive story of Russia, from tenth-century Kiev and Muscovy through empire and revolution to the fall of Communism and the "new order" of the early 21st century. What emerges is a nation of extremes--of imperial opulence and abject poverty, tyrannical power and subversive resistance, artistic achievement and economic crisis, glittering cities and frozen steppes. A compelling story in its own right, it is essential reading for anyone with an interest in Russia and its place in the world. This new edition has been thoroughly updated to take into account developments under Vladimir Putin.
