From Palgrave Macmillan : Russia and the Napoleonic Wars (War, Culture and Society, 1750-1850) before purchasing it in order to gage whether or not it would be worth my time, and all praised Russia and the Napoleonic

Wars (War, Culture and Society, 1750-1850):

Russia played a fundamental role in the outcome of Napoleonic Wars; the wars also had an impact on almost every area of Russian life. Russia and the Napoleonic Wars brings together significant and new research from Russian and non-Russian historians and their work demonstrates the importance of this period both for Russia and for all of Europe.

“This is a valuable book: it introduces new features of Napoleonic Russia to the non-specialist, it strikes a good thematic balance between domestic and foreign policy, and between society, economics and politics; and for all the vastness of its subject, it nonetheless conveys a sense of how the ordinary Russian experienced this turbulent period.” (Michael Rowe, *perspectivia.net*, June, 2017) “All of the chapters are mercifully short, direct, well explicated, and easily read. A well-done book. ... Summing Up: Recommended. Most levels/libraries.” (N. E. Bou-Nacklie, *Choice*, Vol. 53 (9), May, 2016) About the Author Michael Broers, Oxford University, UK Alan Forrest, University of York, UK Elise Kimerling Wirtschafter, California State Polytechnic University, USA Marie-Pierre Rey, University of Paris Pantheon Sorbonne, France Aleksandr A. Orlov, Sholokhov Moscow State University of the Humanities, Russia David Schimmelpenninck van der Oye, Brock University, Canada Viktor M. Bezotosnyi, State Historical Museum, Moscow, Russia Denis A.
