Terry Fiehn : Russia and the USSR 1905-1941: Student's Book (Discovering the Past for GCSE) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Russia and the USSR 1905-1941: Student's Book (Discovering the Past for GCSE):

This material on Russia and the USSR is a depth study for GCSE History or S Grade History. It is designed for the use of 14- to 16-year olds. This study, from 1905-1941, is an enquiry-led text, based around an author's narrative, but enhanced with source material which is designed to give the students a deeper insight into the character of life from

the time of the Tsar through to the dictatorship of Stalin. It combines syllabus coverage with the "real history" approach of the Schools History Project.

About the Author Terry Fiehn is a former advisory teacher in London. He has been a consultant on SHP's GCSE books for the past two decades.
