Stephen Bull : SECOND WORLD WAR INFANTRY TACTICS: The European Theatre before purchasing it in order to gage whether or not it would be worth my time, and all praised SECOND WORLD WAR INFANTRY TACTICS: The European Theatre:

6 of 6 people found the following review helpful. A super overview of infantry tactics in the second roundBy Andrei BolkonskyThe discussion of the evolution of German tactics as the order of battle changed during the war is

particularly enlightening. A super overview of infantry tactics in the second round...0 of 0 people found the following review helpful. Compare InfantryBy Harvey AlterThis is a text book and only for the most interested. Nonetheless, full of information.4 of 5 people found the following review helpful. Good readBy Scott BaileyInteresting book that has some pictures in it. Book covers all the major armies that fought in WW2. The most interesting is the section on the german army, it cover the tactics and the thinking proccess of the german army good read easy to follow along

The 'poor bloody infantry' do the dirty front-line work of war. It bears the brunt of the fighting and often suffers disproportionately in combat in comparison with the other armed forces. Yet the history of infantry tactics is too rarely studied and often misunderstood. Stephen Bull, in this in-depth account, concentrates on the fighting methods of the infantry of the Second World War. He focuses on the infantry theory and the combat experience of the British, German, American and Soviet armies. His close analysis of the rules of engagement, the tactical manuals, the training and equipment is balanced by vivid descriptions of the tactics as they were tested in action. These operational examples show how infantry tactics on all sides developed as the war progressed, and they give a telling insight into the realities of infantry warfare. This accessible and wide-ranging survey is a fascinating introduction to the fighting methods of the opposing ground forces as they confronted each other on the European battlefields of 70 years ago.

Accessible, well-researched and wide-ranging, *Second World War Infantry Tactics* is an enthralling introduction to the methods of the opposing ground forces as they confronted each other on the European battlefields of 70 years ago, and a tribute to the men who fought and died. - Lancashire Evening Post
