**Joseph S. Bermudez Jr. : Shield of the Great Leader: The Armed Forces of North Korea (The Armed Forces of Asia)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Shield of the Great Leader: The Armed Forces of North Korea (The Armed Forces of Asia):

Despite frequent predictions of imminent collapse, the Democratic People's Republic of North Korea continues to

pose a threat to South Korea. The armed forces continue to be the core of the regime, deploying formidable paramilitary and internal security forces against its own people, maintaining a wide network of intelligence services throughout the region and developing an arsenal of weapons of mass destruction. The Armed Forces of North Korea provides a detailed account of the links between the regime and the forces, and then describes each wing: air, naval, ground forces, paramilitary, internal security, and intelligence reviews.

""...a detailed, up-to-date survey of North Korea's military, with special emphasis on its nuclear and missile programs."" --Journal of Asian Studies
