From Back to 20s : Slavery in the United States: A Social, Political, and Historical Encyclopedia (2 Volume Set) before purchasing it in order to gage whether or not it would be worth my time, and all praised Slavery in the United States: A Social, Political, and Historical Encyclopedia (2 Volume Set):

A comprehensive, contextual presentation of all aspects?social, political, and economic?of slavery in the United States, from the first colonization through Reconstruction. • Ten major essays and 300 A–Z entries cover all aspects of slavery • Over 100 contributors represent the finest scholarship worldwide on the topic • An impressive collection of

150 original documents illustrate both popular and official attitudes toward slavery• The massive bibliography is the most complete and up-to-date available

"this set will be an essential addition to any collection supporting a middle or high school American Studies curriculum." - School Library Journal"Highly recommended for most academic and public libraries." - Booklist"it would be hard to find a better two-volume reference work on slavery." - Library Media Connection"Overall, this encyclopedic guide will be useful for college/university libraries and larger public libraries." - Choice"a necessary purchase for all libraries." - Library Journal"This work is one of the better ones and would be of interest to both graduate and undergraduate students of American history." - ARBAAbout the AuthorJunius P. Rodriguez, Ph.D., is associate professor of history at Eureka College, Eureka, IL. His published works include ABC-CLIO's award-winning Historical Encyclopedia of World Slavery, The Louisiana Purchase, and Chronology of World Slavery.
