**James I. Robertson Jr. : Soldiers Blue and Gray (Studies in American Military History)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Soldiers Blue and Gray (Studies in American Military History):

1 of 1 people found the following review helpful. Outstanding and much neededBy Grayback63Prof. Robertson's work is an important piece of Civil War scholarship, and a timely update for a subject that hasn't been comprehensively covered since Bell Irvin Wiley in the 1940s. Far from being a retread of Wiley, "Soldiers Blue and Gray" draws from hitherto unknown or unexplored primary sources and does so in a fresh, insightful and highly readable manner. For

anyone interested in the day-to-day experiences of the common soldier in the war, or simply eager to have a well-rounded Civil War library, Robertson's recent work is invaluable. To anyone familiar with his body of work, "Soldiers Blue and Gray" is obviously the well-crafted product of years of reflection on the meaning and impact of that generation's sacrifice during our nation's trial by fire. My copy has certainly become dog-eared in the few weeks I have had it. 0 of 0 people found the following review helpful. Book and Seller review By C. Murphy Great Book.

Recommend all of James I Robertson's civil war books. Additionally book was shipped very quickly and in excellent physical condition. 0 of 0 people found the following review helpful. A Can't miss for those interested in the Civil War By Alvin M. Shelton Bud Robertson is first rate and Soldiers Blue and Gray is his forte...the story of the common soldier. A must read for anyone interested in the Civil War.

This is the story of Johnny Reb and Billy Yank - soldiers who recorded their experiences and emotions in a great outpouring of letter-writing at the time of the American Civil War. Robertson draws upon hundreds of rare and obscure sources to produce a moving chronicle of the horrors of civil war.
