(photographer) Gyorgy Torok (author) Laszlo Bekesi : Soviet Uniforms Militaria 1917-1991 in Colour Photographs (Paperback) - Common before purchasing it in order to gage whether or not it would be worth my time, and all praised Soviet Uniforms Militaria 1917-1991 in Colour Photographs (Paperback) - Common:

0 of 1 people found the following review helpful. Soviet uniformsBy Hernani S. Oliveira FilhoA good book showing the evolution of the uniforms in the history of the USSR, there was details in the three branches, air, sea and land.0 of 2 people found the following review helpful. Soviet uniforms.....By avi8tor4lifeI expected more out of this book and didn't really find anything new for what I was looking for which was info on uniforms of the Soviet submarine crews and Soviet Air Force pilots. It is divided in three sections with each section featuring uniforms of the Red Army, Red Fleet and Soviet Air Force. It has an introduction and a small part on collecting these uniforms but other than that it's just picture followed by a caption. It is better than nothing but not your go to guide on Soviet Uniforms.0 of 0 people found the following review helpful. Great reference book!By Simon, Destroyer of WorldsI actually picked up a copy of this book when I met the author in Budapest, so I can attest to the fact that he knows what he's talking about!The book itself is excellent. I've been collecting Soviet uniforms for over five years, and having this earlier on would have made the ride much, much smoother. Even so, I still consider it a valuable piece of reference material, and I use it often. It's more of an overview, rather than focusing too deeply on any particular era, but still nice to have. A must have for newer collectors!

A full-colour photographic reference book to illustrate Soviet uniforms and militaria selected from the whole 74-year history of the regime, from October Revolution to the 1991 collapse of Communism.
