**Eric McGeer : Sowing the Dragon's Teeth: Byzantine Warfare in the Tenth Century (Dumbarton Oaks Studies)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sowing the Dragon's Teeth: Byzantine Warfare in the Tenth Century (Dumbarton Oaks Studies):

0 of 0 people found the following review helpful. A high quality book about byzantine military history By David An essential item for researching in byzantine military and political history. A very good translation and edition of two

byzantine military treatises, and a valuable interpretation and contextualization of these texts.0 of 0 people found the following review helpful. An excellent guide to Byzantine military tacticsBy John HickeyA fantastic book for anyone interested in the military tactics of the Byzantine Empire or anyone interested military history in general.0 of 0 people found the following review helpful. Awesome book.By George MelloThis book should be in the book case of every any fan of the Middle Byzantine period, and Medieval history.

The military achievements of the emperors Nikephoros Phokas, John Tzimiskes, and Basil II brought the Byzantine Empire to the height of its power by the early eleventh century. This volume presents new editions and translations of two military treatises—the *Praecepta militaria* of Nikephoros Phokas and the revised version included in the *Taktika* of Nikephoros Ouranos—outlining the tactical system used by Byzantine armies in campaigns against Muslim forces in Cilicia and Syria. Products of experienced soldiers, the texts offer a realistic view of Byzantine warfare and reveal the sophistication of Byzantine military science. Eric McGeer places the treatises in military historical context; explores the factors that led the Byzantine army to fight as it did; and investigates morale, discipline, and leadership—all of which determined the difference between failure and success.

Language NotesText: English, GreekAbout the AuthorEric McGeer teaches Latin and history at St. Clement's School in Toronto. He has been a research associate at Dumbarton Oaks and has taught Byzantine history at Harvard University and the Université de Montréal.
