0 of 1 people found the following review helpful. Very good book!By Raymond LouieI enjoyed this book, it is all in French. Straight forward illustration with style of its own. Covers the French Imperial Foot Guards. Another nice

reference book added to my collection in this series. For the price well worth owning.

French TextThe plates in this book effectively reproduce 1300 color gouaches of the uniforms of Napoleon's Guard à Pied. Charmy's reputation led to his being one of the major uniform advisors to Abel Gance when he was making his famous movie, Napoleon.The Guard à Pied is here depicted in locations such as Russia and Waterloo as well as in static poses. There are also many plates depicting details of insignia, flags and other uniform detail, right down to horse equipment.Charmy's fine ability as a uniformologist and an artist were first presented in book form in the precursor to this volume on the Cavalry. Three further volumes will follow to complete this set.
