Especially for the David Robinson-Tim Duncan era. I love how every page was headlines of these moments. It's almost like a scrapbook of what I would have saved being a Spurs fan when they made the news. This book is formatted that way so you don't have to make your own scrapbook. This book will make any Spurs fan smile and realize just how beautiful and amazing this team is and why we love them.0 of 0 people found the following review helpful. Spurs Nation--Of course!By DianeRPurchased each of my sons this book. Diehard Spurs fans for life like most people from San Antonio and am lucky enough to watch them from the very beginning. It's nice that my sons now have some history and how the Spurs began and have evolved over the decades. Great book for any Spurs fan,.
