Anton Joly : Stalingrad Battle Atlas: volume IV before purchasing it in order to gage whether or not it would be worth my time, and all praised Stalingrad Battle Atlas: volume IV:

1 of 1 people found the following review helpful. Great series overallBy LE GUERN PASCALVolume 4 of this series is dedicated to Operation Winter Storm, the German attempt to rescue 6th Army. Just like the previous volumes, tons of archival documents from both sides, translations. I found that volume 3 provided deeper analysis for the daily events, whereas this one provides less in daily analysis but more in the introduction. Great series, eagerly awaiting last volume.1 of 1 people found the following review helpful. Five StarsBy celiacGreat series0 of 0 people found the

following review helpful. Like itBy doug ninkGood book a lot of info , I'm satisfied

"I can see the Stalingrad sky glowing in the distance." General Erhard Raus, 6th Panzer Division Commander, deploying his troops on the Myshkova River 50 km away from the "cauldron." The Red Army defeated the Wehrmacht against all odds in one of the most dramatic battles in History. How such a miracle has been made possible ? What exactly happened each single day of this titanic struggle ? The fourth volume of the "Stalingrad Battle Atlas" series covers Operation Winter Storm, the German attempt to link up with 6th Army encircled in the Stalingrad pocket. It presents strategic and tactical information, featuring especially designed maps for each day of active operations during this period, along with wartime documents translated from German and Russian. Synthesizing data from archives including Soviet funds just released to the public, this chronological atlas seeks to reach the maximal degree of precision in describing historical reality, rendering it through a standardized set of instruments: timeline, orders of battle, unit strength returns, tactical and strategic maps, contextual photos, quotes from key actors. A reference manual for students, searchers, as well as a guide for all those who want to know the basics: Who, When, Where. Main Features: o Latest Available Documents from Archives o Tactical Strategic Maps o Order of Battle Strength Returns 402 pages A New Perspective of the Legendary Battle on the Volga
