By Sebastien Richard This amazing little gem of a book is full of wisdom from the Civil War's gentleman warrior: Stonewall Jackson. Reading it gives us great insight into a man who stood tall not only on the battlefield, but in life as well. His sense of duty and honor were unparalleled and it transpires all throughout his book of maxims. Thanks to author James Robertson for editing it in this short and powerful book. I hope my son will read it someday. 0 of 0 people found the following review helpful. How a man of humble beginnings became great! By Nicholas C.

A thoughtful look at the maxims Stonewall Jackson collected as a cadet at West Point. Each maxim is explained and considered in terms of how it may have affected his actions at various times.

Robertson...brilliantly re-creates the complex intellectual world of his subject.
