**Larkin Spivey, Jocelyn Green : Stories of Faith and Courage from World War II (Battlefields Blessings)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Stories of Faith and Courage from World War II (Battlefields Blessings):

The primary goal of *Stories of Faith Courage from World War II* is to strengthen the faith of its readers by showing the power of others' faith under the most extreme circumstances imaginable. This is accomplished through 365 one-page stories from America's greatest conflict presented in a daily devotional format with relevant scripture readings for each day of the year. Additionally, the book presents a unique and concise history of World War II with summaries, maps, and photographs of the major campaigns of the war. On this level, the individual stories provide insights into the war and combat not found in typical historical accounts.
