From imusti : Strategic Studies: A Reader before purchasing it in order to gauge whether or not it would be worth my time, and all praised Strategic Studies: A Reader:

3 of 3 people found the following review helpful. Great foundation for Strategic Studies By Nick Great foundation for Strategic Studies. They touch a little on every subject field of strategy, especially with the amount of information that needs to be covered. 1 of 3 people found the following review helpful. Five Stars By Shelly WEverything is great - item is working well!

The second edition of Strategic Studies: A Reader brings together key essays on strategic theory by some of the leading contributors to the field. This revised volume contains several new essays and updated introductions to each

section. The volume comprises hard-to-find classics in the field as well as the latest scholarship. The aim is to provide students with a wide-ranging survey of the key issues in strategic studies, and to provide an introduction to the main ideas and themes in the field. The book contains six extensive sections, each of which is prefaced by a short introductory essay: The Uses of Strategic Theory Interpretation of the Classics Instruments of War, Intelligence and Deception Nuclear Strategy Irregular Warfare and Small Wars Future Warfare, Future Strategy Overall, this volume strikes a balance between theoretical works, which seek to discover generalisations about the nature of modern strategy, and case studies, which attempt to ground the study of strategy in the realities of modern war. This new edition will be essential reading for all students of strategic studies, security studies, military history and war studies, as well as for professional military college students.

'A brilliant, and unlike most edited collections, coherent, collection of essays by masters past and present on the theory and practice of strategy. A superb primer for any and all students of the subject.'-- Eliot A. Cohen, School of Advanced International Studies, Johns Hopkins University, Washington, DC 'This superb volume provides an essential primer for any student of strategic studies.' -- Theo Farrell, Kings College London, UK 'By a wide margin this is the premier Reader in the field of Strategic Studies. For research as well as teaching it is an invaluable resource.' -- Colin S. Gray, University of Reading, UK 'a fine collection of strategic thought' -- Journal of Military History 'An essential text for anyone interested in the development of strategic ideas.' -- Stephan Fruehling, Australian National University, Canberra 'The new volume makes an excellent contribution to the study of strategy, and to the ongoing debate on the complexity of strategy and the connection between security and strategy. It is also a great and highly recommended teaching tool for advanced course on strategic studies.' -- Mohiaddin Mesbahi, Florida International University About the Author Thomas G. Mahnken is currently Jerome E. Levy Chair of Economic Geography and National Security at the US Naval War College. He is also a Visiting Scholar at the Philip Merrill Center for Strategic Studies at The Johns Hopkins University's Paul H. Nitze School of Advanced International Studies (SAIS). He is the author of *Uncovering Ways of War: U.S. Intelligence and Foreign Military Innovation, 1918-1941* (2002), (with James R. FitzSimonds) *The Limits of Transformation: Officer Attitudes toward the Revolution in Military Affairs* (2003), *Technology and the American Way of War Since 1945* (2008), and *Uncovering Ways of War: U.S. Intelligence and Foreign Military Innovation, 1918-1941* (2012). He is editor (with Emily O. Goldman) of *The Information Revolution in Military Affairs in Asia* (2004) and (with Richard K. Betts) *Paradoxes of Strategic Intelligence: Essays in Honor of Michael I. Handel* (Frank Cass, 2003). He is co-editor of the *Journal of Strategic Studies*. Joseph A. Maiolo is Professor of International History in the Department of War Studies, King's College London, UK. He is author of *The Royal Navy and Nazi Germany: A study in appeasement and the origins of the Second World War* (1998) and *Cry Havoc: How the Arms Race Drove the World to War 1931-1941* (2010); co-author of *An International History of the Twentieth Century* (Routledge, 2004, 2008); and co-editor (with Robert Boyce) *The Origins of World War Two: The Debate Continues* (2005). He is co-editor of the *Journal of Strategic Studies*.
