I admit I am biased as this is based on a local issue, but it was nice to see the written style that was engaging and brought to life a piece of history that is not known outside of this rural area of Minnesota. I recently completed this book while on vacation. It was a smooth read and a great addition to our vacation.3 of 3 people found the following review helpful. I especially found this book interesting because the Petries are my great grandparentsBy Linda M. MinterWell written book, I wish the author,had gone into more detail about William and Maud's marriage and the evil side of William. I especially found this book interesting because the Petries are my great grandparents2 of 2 people found the following review helpful. Great book!By Daisygrrl80Got the book Friday evening. Started it Saturday morning. Finished it Sunday afternoon. Definitely a page turner even though we knew the general outcome. I love local history, so being from SW MN and knowing these towns and being able to read about something that happened there is very interesting... even if some of it was fictionalized.

Based on a true tale from the early 1900s, this work of historical fiction gives life to murderer William Kleeman, a handsome young farmer from southwestern Minnesota who courts the beautiful Maud Petri. After a quick engagement and marriage, the couple produce four children and are joined by boarder Mary Snelling, who teaches at the country school across the road. This addictive story winds through many twists before ending in a deadly rampage that results in one of the most notorious ax murders in American history.

"Rich with detail, Sundown at Sunrise takes readers back to the southwestern Minnesota of 100 years ago. That world of our grandparents and great-grandparents in one sense has slipped away, but in many ways affects us still. It's a gripping story, engagingly told." --Lori Sturdevant, Minneapolis Star TribuneAbout the AuthorMarty Seifert was raised on a small family farm near Clements, Minnesota. After graduating from Southwest Minnesota State University he became a high school teacher and a university admissions counselor.
