Derrick Jensen : The Culture of Make Believe before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Culture of Make Believe:

Derrick Jensen takes no prisoners in *The Culture of Make Believe*, his brilliant and eagerly awaited follow-up to his powerful and lyrical *A Language Older Than Words*. What begins as an exploration of the lines of thought and

experience that run between the massive lynchings in early twentieth-century America to today's death squads in South America soon explodes into an examination of the very heart of our civilization. *The Culture of Make Believe* is a book that is as impeccably researched as it is moving, with conclusions as far-reaching as they are shocking.
