Raul Hilberg : The Destruction of the European Jews (Student One Volume Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Destruction of the European Jews (Student One Volume Edition):

1 of 1 people found the following review helpful. Give this book to your High School children as a must read gift. By

Dr. John Ellison This was an extremely critical read into how the Germans treated the Jewish population during WWII. A must read for any student or scholar. Having read other books on the general topic, this was the best book I have read to date on the scope of atrocities against the Jewish population. 0 of 0 people found the following review helpful. Hilberg's the bomb By Kacey S Hilberg is a well known author among the Holocaust scholars. My professor for my Holocaust class would talk about Hilberg all the time. Very informational book on the subject. Enjoyed, as much as you can enjoy a book on the Holocaust. 1 of 1 people found the following review helpful. AN UNEMOTIONAL ACCOUNTING By Rudy A very good overview for someone who is too young to have an emotional relationship to the Holocaust but needs to know how and why it happened. I was struck by the personal detachment of the author and his view as to how the Jews aided in making it easy for the Nazis to carry out the Final Solution. Highly informative but unpleasant reading.

This student edition of *The Destruction of the European Jews* makes accessible for classroom use Raul Hilberg's landmark account of Germany's annihilation of Europe's Jewish communities in 1933-1945. Perhaps more than any other book, it answers the question: How did it happen?

No single book has contributed more ... to an understanding of Nazi genocide.... This is one of the great historical works of our time. --Times Literary Supplement The standard text in its field ... [by] the preeminent scholar of the Holocaust. --New York Times Book Review [This study] ... is distinguished by its scholarly underpinning and overpowering logic. --Christian Science Monitor About the Author The late Raul Hilberg was John G. McCullough Professor of Political Science at the University of Vermont.
