Robert K. Wittman, David Kinney : The Devil's Diary: Alfred Rosenberg and the Stolen Secrets of the Third Reich before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Devil's Diary: Alfred Rosenberg and the Stolen Secrets of the Third Reich:

0 of 0 people found the following review helpful. Appreciated By Austin Stern I read this book with great interest.

Familiar with the basics of the story and remembering the time of the trials rather clearly, I reacquainted myself with the bones of the Nazi story...a tale of utmost depravity heretofore unknown in history to my knowledge. The systematic effort to exterminate a group of people the details of which go far beyond anything that is conceivable or acceptable is so hard to believe. I cannot say that. I enjoyed this book nought I am glad that I read it. Killing these monsters was in no way compensation for their. Rimes against humanity.2 of 2 people found the following review helpful. An aptly named history.By Christine W.Chilling, especially when you realize that we are talking about real people at a time not long past. A good reminder that there can be real evil among civilized people.2 of 2 people found the following review helpful. Well written, a definite page turner. It also ...By gilda hurwitzWell written, a definite page turner. It also opened up and discussed a sector of Hitlers world that is largely forgotten and overlooked.

A groundbreaking World War II narrative wrapped in a riveting detective story, *The Devil's Diary* investigates the disappearance of a private diary penned by one of Adolf Hitler's top aides—Alfred Rosenberg, his “chief philosopher”—and mines its long-hidden pages to deliver a fresh, eye-opening account of the Nazi rise to power and the genesis of the Holocaust. An influential figure in Adolf Hitler's early inner circle from the start, Alfred Rosenberg made his name spreading toxic ideas about the Jews throughout Germany. By the dawn of the Third Reich, he had published a bestselling masterwork that was a touchstone of Nazi thinking. His diary was discovered hidden in a Bavarian castle at war's end—five hundred pages providing a harrowing glimpse into the mind of a man whose ideas set the stage for the Holocaust. Prosecutors examined it during the Nuremberg war crimes trial, but after Rosenberg was convicted, sentenced, and executed, it mysteriously vanished. New York Times bestselling author Robert K. Wittman, who as an FBI agent and then a private consultant specialized in recovering artifacts of historic significance, first learned of the diary in 2001, when the chief archivist for the U.S. Holocaust Memorial Museum contacted him to say that someone was trying to sell it for upwards of a million dollars. The phone call sparked a decade-long hunt that took them on a twisting path involving a pair of octogenarian secretaries, an eccentric professor, and an opportunistic trash-picker. From the crusading Nuremberg prosecutor who smuggled the diary out of Germany to the man who finally turned it over, everyone had reasons for hiding the truth. Drawing on Rosenberg's entries about his role in the seizure of priceless artwork and the brutal occupation of the Soviet Union, his conversations with Hitler and his endless rivalries with Göring, Goebbels, and Himmler, *The Devil's Diary* offers vital historical insight of unprecedented scope and intimacy into the innermost workings of the Nazi regime—and into the psyche of the man whose radical vision mutated into the Final Solution.

“Mesmerizing.” (Daily Beast) “This volume cannot be recommended too highly. It is another smoking gun with which to condemn the Third Reich and further serves to reinforce what has become a 70-year mantra: We should never forget nor, more importantly, repeat man's worst inhumanity to man.” (New York Journal of Books) “A fascinating scholarly detective story centering on the often overlooked ideological architect of the Third Reich...The authors do an excellent job of teasing out the fine details and placing them in the larger context...A footnote to a much larger story but a welcome one.” (Kirkus s) “The efforts to recover [the diary] make up the most interesting part of art-crime expert Wittman and Pulitzer-winning Kinney's frequently riveting, serpentine account featuring a Nuremberg prosecutor, a museum archivist, and an FBI agent...The authors have provided an engrossing tale of a detective-style search.” (Booklist) “The Devil's Diary is the story of the diary, its eventual recovery, and its harrowing content, providing an intense look at one of the major architects of the Holocaust.” (Barnes and Noble Reads) “The Devil's Diary has all the elements of a great book: a hugely influential but forgotten confidant of Adolf Hitler, a long-lost Nazi journal, and a crusading Jewish lawyer who spent his life at war with the leading men of the Third Reich.” (Joaquin "Jack" Garcia, New York Times bestselling author of *Making Jack Falcone*) “The Devil's Diary is a very rewarding read. While exposing in fresh, stunning detail the role Alfred Rosenberg played in the Holocaust, Kinney and Wittman also reveal the oft-tangled but fascinating world where history is recorded and written. Well done!” (Neal Bascomb, national bestselling author of *Hunting Eichmann* and *The Winter Fortress*) “Alfred Rosenberg...arises in horrific clarity in Wittman and Kinney's engrossing book. Rosenberg's personal writings, which were nearly lost to history, receive a dramatic interpretation in *The Devil's Diary*. It's an intriguing read for anyone fascinated by the personalities of Nazi Germany.” (Jack El-Hai, author of *The Nazi and the Psychiatrist*) “The Devil's Diary is lively and well written. Part detective story, part history book, it restores Rosenberg to his rightful place in the narrative, a man...who was profoundly influential, not least in providing what meagre intellectual underpinning Nazism could muster...a fascinating read.” (Roger Moorehouse, author of *Killing Hitler*, *Berlin at War*, and *The Devil's Alliance*) “Those with an interest in German history will find this narrative engaging.” (Library Journal) “A rollicking memoir... investigative details dazzle... Priceless can read at times, not unpleasantly, as if an art history textbook got mixed up at the printer with a screenplay for *The Wire*.” (New York Times on Priceless) “Almost every case he recounts has enough intrigue and suspense for a Hollywood screenplay.” (Washington Post on Priceless) “Genius...riveting...should be a TV series.” (Los Angeles Times on Priceless) From the Back Cover A groundbreaking World War II narrative wrapped in a riveting detective story, *The Devil's Diary* investigates the disappearance of a private diary penned by one of Adolf

Hitler's top aides—Alfred Rosenberg, his “chief philosopher”—and mines its long-hidden pages to deliver an eye-opening account of the Nazi rise to power and the genesis of the Holocaust. The diary was discovered hidden in a Bavarian castle at war's end, but after Rosenberg was convicted of war crimes at Nuremberg and executed, the pages mysteriously vanished. More than half a century later, Robert K. Wittman learned of the diary when the chief archivist for the U.S. Holocaust Memorial Museum contacted him at the FBI to say that someone was trying to sell it for more than a million dollars. The phone call sparked a decade-long hunt. From the crusading Nuremberg prosecutor who smuggled the diary out of Germany to the man who finally turned it over, everyone had reasons for hiding the truth.

About the Author Robert K. Wittman created the FBI's Art Crime Team and was the Bureau's national expert on cultural property crime. He is the author of the New York Times bestseller *Priceless*.
