**Margaret Ann Vogtsberger : The Dulanys of Welbourne : A Family in Mosby's Confederacy** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Dulanys of Welbourne : A Family in Mosby's Confederacy:

1 of 1 people found the following review helpful. My Families historyBy Dan Heath de ButtsThe book was researched in telling who the people were that are in the story and what role they played in the community . Pictures are excellent . This is a history of the Dulany family that lived around Upperville and their extended family from farther away and

the pressures of war they were living under. The story was written during the war and only edited now by Peggy Vogtsberger. Help was given by a number of family members in giving genealogy and history of the family and the area. 6 of 6 people found the following review helpful. A Modern Classic! By rlj17@hotmail.com Although many volumes have been written on the notorious Dulanys of Welbourne, none that I have encountered match this work for clarity, completeness, and compunction. Ms. Vogtsberger's use of the Queen's English is nothing short of scintillating. This reader cannot gush enough - history would not be complete without Ms. Vogtsberger's tantalizing exploration of the little known Dulaneys of Welbourne. A must!

Richard Henry Dulany personally equipped a company of mounted riflemen, the Dulany Troop, in July 1861 to begin his military career. The writings of the colonel, his father, his children, and other family members who flowed in and out of Welbourne's rooms reveal the touching activity of daily life maintained despite the chaotic times. 44 bw illustrations.
