Tom Bernardin : The Ellis Island Immigrant Cookbook before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Ellis Island Immigrant Cookbook:

1 of 1 people found the following review helpful. as well as a few of their favorite recipes. I enjoyed this book with its information ...By Marie M. Both sets of my grandparents came from Italy and arrived through Ellis Island in the 1920's. This book followed many immigrants and their voyages and arrival to this new country. It gave some of their stories and customs, as well as a few of their favorite recipes. I enjoyed this book with its information and insight to many of our courageous ancestors. 1 of 1 people found the following review helpful. Age-old recipes you have got to try! By E. Smith Had this book a couple of years ago but lost it. Bought it again here. Some of the recipes are a little far fetched and didn't work as indicated but, for the most part, they are great recipes from down home cooks... the best recipes to have. 0 of 0 people found the following review helpful. Five Stars By Michael Iacovellogreat
