Nick Bryant : The Franklin Scandal: A Story of Powerbrokers, Child Abuse Betrayal before purchasing it in order to gage whether or not it would be worth my time, and all praised The Franklin Scandal: A Story of Powerbrokers, Child Abuse Betrayal:

1 of 1 people found the following review helpful. Read and buy for others.By Meow MeemaNot exactly a subject one could enjoy but definitely one we need to know about. I read this about 5 years ago and have recently purchased one

for a friend and a relative. It is very well written and documented . Hopefully, this information will stir people to insist that investigations by officials be done to put an end to this horrific plague of vampires.4 of 4 people found the following review helpful. A great read of a disturbing topic...By DavI thoroughly enjoyed The Franklin Scandal: A Story of Powerbrokers, Child Abuse Betrayal, it was fast paced, deeply researched and very well written. This is a must read for anyone that is interested in understanding what can happen in the US when too much power is in the hands of too few. Add to that the few are also sexually perverted and you have the making of a scandal that had to be covered up regardless of the human cost.Once you have read The Franklin Scandal: A Story of Powerbrokers, Child Abuse Betrayal, you will never look at the news and the US criminal justice system the same.Extremely affecting to say the least...0 of 0 people found the following review helpful. GreatBy KOBAMReads like a cross between a thriller and a research paper. It is an awesome read.

A chilling exposé of corporate corruption and government cover-ups, this account of a nationwide child-trafficking and pedophilia ring in the United States tells a sordid tale of corruption in high places. The scandal originally surfaced during an investigation into Omaha, Nebraska's failed Franklin Federal Credit Union that went beyond the Midwest, ultimately to Washington, DC. Implicating businessmen, senators, major media corporations, the CIA, and even the venerable Boys Town organization, this extensively researched report includes firsthand interviews with key witnesses and explores a controversy that has received scant media attention.
