extremely prompt ...By Maryland RaptorVery pleased with this seller-product better than expect and extremely prompt delivery-like physically impossible to get her any quicker than it did.0 of 1 people found the following review helpful. Good Description of the timesBy Eugene StagnerVery good description of the times?2 of 2 people found the following review helpful. Quite a few pages missingBy happy camperI was quite excited to read this book as I am a genealogy buff and have many ancestors from Pennsylvania. I started eagerly reading the book and came across a blank page.As a resource book it is quite upsetting to realize that throughout the book there are quite a few pages blank.I hope we can resolve this matter with a complete book with no blank pages as it was a good and educational read.SincerelyUnhappy camper

This important historical study deals with the background of German immigration, especially that of the Palatines, the causes, migration patterns, the leading figures in the movement, and the disposition of the immigrants. Much of the book deals with the redemptioners, those who bound themselves to service as payment for the trip to America. It covers the types of bond servants and evaluates their role in the development of the German settlements, with accounts of their rise, progress, and place in American Society.
