Richard C. Rohrs : The Germans in Oklahoma (The Newcomers to a New Land Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Germans in Oklahoma (The Newcomers to a New Land Series):

0 of 0 people found the following review helpful. Nice fluffBy Serious CookHaving done research on my German heritage in Oklahoma, I found this book to be very vague with only a few personal accounts. German descendants make up a large percentage of the general population and individual books could be written about a dozen cities in Oklahoma. Instead, this is a pamphlet that does little more than acknowledge Germans came to Oklahoma. However,

there is so few books on the subject, I gave it three out of five stars.

In 1980, the University of Oklahoma Press published a ten-book series titled *Newcomers to a New Land* that described and analyzed the role of the major ethnic groups that have contributed to the history of Oklahoma. The series was part of *Oklahoma Image*, a project sponsored by the Oklahoma Department of Libraries and the Oklahoma Library Association and made possible by a grant from the National Endowment for the Humanities. In response to numerous requests, the University of Oklahoma Press has reissued all ten volumes in the series. Published unaltered from the original editions, these books continue to have both historical and cultural value for reasons the series editorial committee stated as well. Though not large in number as compared to those in some states, immigrants from various European nations left a marked impact on Oklahomas history. As in the larger United States, they worked in many economic and social roles that enriched the states life. Indians have played a crucial part in Oklahomas history, even to giving the state her name. Blacks and Mexicans have also fulfilled a special set of roles, and will continue to affect Oklahomas future. The history of each of these groups is unique, well worth remembering to both their heirs and to other people in the state and nation. Their stories come from the past, but continue on the future.
