He obviously took a great deal of pleasure in this booklet By Carol S.I bought the original for my friend, and when I saw there was a "companion", I got it for him. He dove right in, looking closely at photos with his monocle so as to catch every detail. He obviously took a great deal of pleasure in this booklet, so I can only heap the praises.0 of 0 people found the following review helpful. A must have! By JoAnn DI bought this and another of his books 2 years ago hoping I would make a trip to Gettysburg. I finally got there! My daughter and I used this book a lot during our 2 day stay. Very clear map of where to find the places he shows. Highly recommend for a visit of Gettysburg.1 of 1 people found the following review helpful. Five Stars By Max A. Harris Jr.Love it.

Like its predecessor, this tour of historic sites on the Gettysburg battlefield and surrounding area offers both a glimpse into the past as well as modern views of each photographic site and includes more previously unpublished views of the field..
