**Alfred Thayer Mahan : The Gulf and Inland Waters: The Navy in the Civil War** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Gulf and Inland Waters: The Navy in the Civil War:

A history of the major and minor naval engagements of the Civil War on the Mississippi, the Red River, Mobile Bay and the Gulf, based on official records and eyewitness accounts. Originally published in 1883, so the author was able to ask direct questions of many of the participants.

About the Author Alfred Thayer Mahan (1840-1914) was a career officer in the United States Navy, attaining the rank of admiral on the retired list. He was the author of twenty books and 137 articles, mostly dealing with naval history and strategy and international relations.
