Samuel Willard Crompton : The Handy Civil War Answer Book (The Handy Answer Book Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Handy Civil War Answer Book (The Handy Answer Book Series):

0 of 0 people found the following review helpful. Must have bookBy Mark L. PowellExcellent reference source for Civil War trivia. Wonderful addition to my library. Will come in handy for future use. Would recommend this book to anyone interested in the Civil War.1 of 1 people found the following review helpful. The Handy Civil War Answer BookBy Stephen Hoeltgel love history and I think this would be a wonderful source of information for any history buff. An excellent book.0 of 0 people found the following review helpful. an excellent piece of workBy Bill Kimseyan excellent piece of work, I'm enjoying it, and have just about finished it, would have liked the author as a teacher!!

Battles, Blood, Honor, and HeroismThe nation's highest-casualty, bloodiest war is still discussed, studied, and acted out. It continues to affect the political boundaries of today. From the economic, political, and social forces behind the conflict, through the first shots fired at Fort Sumter, the military strategies, battles, and people, and from Lee's surrender at Appomattox to the Southern reconstruction and modern aftermath, *The Handy Civil War Answer Book*

From School Library JournalGr 5 Up—Using a question-and-answer format, this information-filled volume offers a plethora of facts about the Civil War, beginning with the slavery debate of the 1850s and its impact on California's statehood. The text chronicles major topics, including the birth of the Republican Party, the emergence of Abraham Lincoln, the election of 1860, secession, generals, battles, social and economic conditions in the North and South, Lincoln's second inaugural address, Appomattox, the assassination of Lincoln and contemporary topics concerning reenactors, Civil War movies, and the war's place in modern memory. Responses to the numerous posed questions divide the information into short paragraphs. The highlight of the volume is the author's use of quotes from primary sources, such as newspapers and accounts from diarists and historians. Black-and-white photographs are scattered throughout, along with sidebars offering additional information to textual data. Though the title contains maps, some of them are quite small and difficult to use. There are also some errors: it should be noted that the famous Civil War-era photographer was Mathew Brady, not Thomas Brady; a photo is incorrectly captioned as the Lincoln Home; and the U.S. Grant papers total 31 volumes, not 11. An inexpensive addition to the numerous Civil War books being published during the sesquicentennial.—Patricia Ann Owens, formerly with Illinois Eastern Community Colls., Mt. Carmel "This new volume is a quick and fascinating introduction to the Civil War, touching on pertinent aspects of the conflict. The author covers the battles but also discusses, various social, economic, political, and other issues related to the period. Highly Recommended." — Choice "This is a well-written, interesting approach to Civil War history. It will interest those who have some knowledge and want to pursue inquiries on various aspects of particular battles or other subjects. It is recommended for those readers." — Civil War News "This title could work as a supplementary American history textbook for high school students or serve as personal reading for Civil War buffs." — Library Journal "Using a question-and-answer format, this information-filled volume offers a plethora of facts about the Civil War ... An inexpensive addition to the numerous Civil War books being published during the sesquicentennial." — School Library Journal "The author achieves a strong narrative flow. [He] is knowledgeable and judicious. Like the other Handy Answer Books, this entry on the Civil War is not specifically marketed to young adults, but is quite suitable for teens as well as for general readers." — *Voyager*
