Steven A. Bingaman : The History of American Ranks and Rank Insignia before purchasing it in order to gage whether or not it would be worth my time, and all praised The History of American Ranks and Rank Insignia:

0 of 0 people found the following review helpful. No IllustrationsBy JDBOBI believe this was advertised as an illustrated guide. It has NO ILLUSTRATIONS whatsoever. Further, it resembles an appendix for some other book. Even if it was not advertised as such, how useful is a book about ranks insignia - which are by their nature "visual"? Totally worthless.

The complete history of the ranks used by the seven uniformed services of the United States, and the insignia used to

show them.
