Eugenie Fraser : The House by the Dvina: A Russian Childhood before purchasing it in order to gauge whether or not it would be worth my time, and all praised The House by the Dvina: A Russian Childhood:

8 of 8 people found the following review helpful. Haunting, Beautiful, and True By K. Paul I first read this book many years ago when a Swiss friend sent it to me. I could not put it down and the fact that I have read it cover to cover at least three times indicates how special I think it is. It gives a vivid account of what life was like in an aristocratic household in Russia in the years leading up to and during the revolution. The richness in love, piety, generosity, and

tradition give us a much different view of the noble class than the usual decadence and frivolity of Hollywood descriptions of Russian aristocracy. This is a true tale that weaves an incredible tapestry of characters and events against the background of a remarkable time and place. Best read in winter in front of a cozy fire. 1 of 1 people found the following review helpful. Beautiful story
By Charlie
The book was far more interesting than I could imagine before I start to read. I can compare the way of live in Scotland and the north of Russia from the secon half of 19th century to the Revolution through the eyes of a young girl. There were many interesting notes about the food, tradition and the way of life of the rich uper class and also the poor vilage people. All descriptions are very picturesque I almost imagine that I were there.

By Olwen J
An excellent historical account of the times in both Scotland and Russia. A good understanding of family life . Historically accurate wrapped in a true family story. Great book all round!

Episodes as romantic and dramatic as any in fiction fill this gripping story of a life in Russia before, during, and immediately after the Revolution
