Shipping was good, but not the best By logan Shipping was good, but not the best, but overall amazing sellwr, as well as, great priduxtion that matched to the definition. I will be buying from this seller again, thus I recommend buying from this seller. 0 of 0 people found the following review helpful. Four

StarsBy Kristen SommerThis book was nice, it was used for a college course, but it provides some insight to race.1 of 2 people found the following review helpful. The Idea of RaceBy Kaylor AikenI was so pleased with the book, and it got here just in time for my class. I recommend it to anyone who wants to read a mind stimulating book.

A survey of the historical development of the idea of race, this anthology offers pre-twentieth century theories about the concept of race, classic twentieth century sources reiterating and contesting ideas of race as scientific, and several philosophically relevant essays that discuss the issues presented. A general Introduction gives an overview of the readings. Headnotes introduce each selection. Includes suggested further readings.
