John Keegan : The Illustrated Face of Battle: A Study of Agincourt, Waterloo and the Somme before purchasing it in order to gage whether or not it would be worth my time, and all praised The Illustrated Face of Battle: A Study of Agincourt, Waterloo and the Somme:

0 of 0 people found the following review helpful. The first third of the book is mostly discussing military ...By OverheaterThe first third of the book is mostly discussing military history in the abstract (a tad dull). The three chapters dealing with the personal experience of battle in Agincourt, the Somme, and Waterloo, are really the only interesting part. The pictures don't add much to the book, most are in black and white.0 of 0 people found the following review helpful. Five StarsBy dorr dennislove it1 of 1 people found the following review helpful. A splendid treatment of all the manifold aspects of a ...By Flash GordonA splendid treatment of all the manifold aspects of a battle . It was as if you hovered over the scene to see the terrain, the gathering of forces , the development of the battle , how the weak spots were taken advantage of and the denouement or conclusion . Besides being above one was placed inside the minds of generals down to peasants or privates.

Book by Keegan, John

From Library Journal With the same text as the original British classic, published in 1976, this now includes 32 color photographs and 80 black-and-white illustrations. If you're old copy is still in good shape, there's no need to add this, since the illustrations themselves aren't too impressive.-- MRCopyright 1989 Reed Business Information, Inc.
