**Francis Crosby : The Illustrated Guide to Modern Naval Aircraft: Features a directory of 55 aircraft with 330 identification photographs** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Illustrated Guide to Modern Naval Aircraft: Features a directory of 55 aircraft with 330 identification photographs:

0 of 0 people found the following review helpful. Illustrated Guide to Modern Naval Aircraft ReviewBy Rebecca BaileyI brought this for my son,who is moderately high-functioning autistic he absolutely loves it brings it just about everywhere he goes right now.2 of 2 people found the following review helpful. Not CurrentBy JGRThis book is out of date. It is a rehash of old material without the benefit of updating. It skips some important historical aircraft, like the

F8F Bearcat, and ignores land-based naval aircraft like the P2V Neptune, P-3 Orion, and P-8 Poseidon. The data is has, however, is accurate and reasonably complete.

An A-Z directory of all the major naval aircraft since 1945, including jet-engined fighters to strike aircraft, carrier-borne AEW aircraft, V/STOL aircraft and helicopters

About the Author Francis Crosby joined the Imperial War Museum's branch at Duxford, England, acknowledged as one of the world's leading centres for aviation enthusiasts, in 1985. Having held research and exhibition posts at the museum, he led Duxford's Marketing Department for many years. He then established a marketing and business development consultancy and works with visitor attractions as well as heritage and cultural organizations around the world. His published works include: *Fighter Aircraft; Bombers* (both Lorenz Books); *Images of War: D-Day*; and *Images of War: The Luftwaffe in World War II* (both Pen and Sword).
