Anahita Critical and spot-on analysis. I liked being able to read the kindle version before the book arrived.

At colleges and universities throughout the United States, political protest and intellectual dissent are increasingly being met with repressive tactics by administrators, politicians, and the police—from the use of SWAT teams to disperse student protestors and the profiling of Muslim and Arab American students to the denial of tenure and dismissal of politically engaged faculty. *The Imperial University* brings together scholars, including some who have been targeted for their open criticism of American foreign policy and settler colonialism, to explore the policing of knowledge by explicitly linking the academy to the broader politics of militarism, racism, nationalism, and neoliberalism that define the contemporary imperial state. The contributors to this book argue that “academic freedom” is not a sufficient response to the crisis of intellectual repression. Instead, they contend that battles fought over academic containment must be understood in light of the academy’s relationship to U.S. expansionism and global capital. Based on multidisciplinary research, autobiographical accounts, and even performance scripts, this urgent analysis offers sobering insights into such varied manifestations of “the imperial university” as CIA recruitment at black and Latino colleges, the connections between universities and civilian and military prisons, and the gender and sexual politics of academic repression. Contributors: Thomas Abowd, Tufts U; Victor Bascara, UCLA; Dana Collins, California State U, Fullerton; Nicholas De Genova; Ricardo Dominguez, UC San Diego; Sylvanna Falcón, UC Santa Cruz; Farah Godrej, UC Riverside; Roberto J. Gonzalez, San Jose State U; Alexis Pauline Gumbs; Sharmila Lodhia, Santa Clara U; Julia C. Oparah, Mills College; Vijay Prashad, Trinity College; Jasbir Puar, Rutgers U; Laura Pulido, U of Southern California; Ana Clarissa Rojas Durazo, California State U, Long Beach; Steven Salaita, Virginia Tech; Molly Talcott, California State U, Los Angeles.

"The public space of higher education is under siege. *The Imperial University* interrogates in brilliant detail the nature of such attacks and the hidden structures of power and politics that define them. But it does more in providing a passionate call to rethink higher education part of a future in which learning is linked to social change. A crucial book for anyone who imagines the university as both an essential public sphere and an index of what a democracy should be." —Henry A. Giroux, McMaster University
