Russell Shorto : The Island at the Center of the World: The Epic Story of Dutch Manhattan and the Forgotten Colony That Shaped America before purchasing it in order to gage whether or not it would be worth my time, and all praised The Island at the Center of the World: The Epic Story of Dutch Manhattan and the Forgotten Colony That Shaped America:

0 of 0 people found the following review helpful. Loving this book! By A. Holder Omgosh! This book is amazing (I'm 3/4 of the way through it)! If you are the least bit interested in colonial history, or the history of Manhattan or the history of Dutch dominance prior to the English taking over, this book will enthrall you as if you were reading fiction. Very well researched and a joy to read. I teach Advanced Placement US History and I will be incorporating into my class what I have learned from this book. Thank you Mr. Shorto for writing a book that you may have thought would be too esoteric for some, but is actually a book that any reader would find fascinating. 0 of 0 people found the following review helpful. A must read! I loved this study so much that I went on to read Shorto's latest book, "Amsterdam". I also purchased a copy for my grandson, a bright HS history student, and both he and his parents, who also read the book, praised it highly. Shorto's research is deep, and he has thoroughly mastered the material and written, in the best historical narrative style, a fascinating study exploring the Dutch roots for the unique economic, social and culture aspects of New York, and subsequently, the US. It can be argued that the best in the American concepts of equality, individualism, capitalism, religious tolerance, self governance are Dutch, even more so than English. It's a must read. 0 of 0 people found the following review helpful. Curious New Yorkers have to read this! By J.A. If you're even remotely interested in New York, and its origins, and how it got that way, you will like this book. Terrifically well-written, never dull for a minute, and full of things you had no idea about. If you love New York, you'll love it even more after this.

A gripping narrative of New Netherland—a story of global sweep centered on a wilderness called Manhattan—that transforms our understanding of early America. When the British wrested New Amsterdam from the Dutch in 1664, the truth about its thriving, polyglot society began to disappear into myths about an island purchased for 24 dollars and a cartoonish peg-legged governor. But the story of the Dutch colony of New Netherland was merely lost, not destroyed: 12,000 pages of its records—recently declared a national treasure—are now being translated. Russell Shorto draws on this remarkable archive in *The Island at the Center of the World*, which has been hailed by *The New York Times* as “a book that will permanently alter the way we regard our collective past.” The Dutch colony pre-dated the “original” thirteen colonies, yet it seems strikingly familiar. Its capital was cosmopolitan and multi-ethnic, and its citizens valued free trade, individual rights, and religious freedom. Their champion was a progressive, young lawyer named Adriaen van der Donck, who emerges in these pages as a forgotten American patriot and whose political vision brought him into conflict with Peter Stuyvesant, the autocratic director of the Dutch colony. The struggle between these two strong-willed men laid the foundation for New York City and helped shape American culture. *The Island at the Center of the World* uncovers a lost world and offers a surprising new perspective on our own.

From *Publishers Weekly* Drawing on 17th-century Dutch records of New Netherland and its capital, Manhattan, translated by scholar Charles Gehring only in recent decades, Shorto (*Gospel Truth*) brings to exuberant life the human drama behind the skimpy legend starting with the colony's founding in 1623. Most Americans know little about Dutch Manhattan beyond its first director, Peter Minuit, who made the infamous \$24 deal with the Indians, and Peter Stuyvesant, the stern governor who lost the island to the English in 1664. These two seminal figures receive their due here, along with a huge cast of equally fascinating characters. But Shorto has a more ambitious agenda: to argue for the huge debt Americans owe to the culture of Dutch Manhattan, the first place in the New World where men and women of different races and creeds lived in relative harmony. The petitions of the colony's citizens for greater autonomy, penned by Dutch-trained lawyer Adriaen van der Donck, represented “one of the earliest expressions of modern political impulses: an insistence by the members of the community that they play a role in their own government.” While not discounting the British role in the shaping of American society, the author argues persuasively for the Dutch origins of some of our most cherished beliefs and their roots in “the tolerance debates in Holland” and “the intellectual world of Descartes, Grotius, and Spinoza.” Shorto's gracefully written historical account is a must-read for anyone interested in this nation's origins. Unfortunately, for many Americans, that is the limit of their knowledge about the Dutch colony that was seized by the English in 1664. Shorto, author of two previous books and articles published in the *New Yorker* and the *New York Times Magazine*, presents an outstanding and revealing chronicle of the Dutch presence on Manhattan Island. Much of his research is based on recently translated Dutch primary sources that have languished in archives in Albany. Written in elegant prose, this enthralling story provides original perspectives on several historical figures, including Henry Hudson, Peter Minuit, and Peter Stuyvesant. Shorto also highlights the contributions of Adriaen van der Donck, an energetic, charismatic man who played an integral part in creating a dynamic, diverse, and tolerant society that appears refreshing when compared to the neighboring Puritan-dominated colony in Massachusetts. This is an important work. Jay Freeman Copyright © American Library Association. All rights reserved. “Astonishing . . . A book that will permanently alter the way we regard our collective past.” --*The New York Times* “A tour de force. . . The dramatic story of New York's origins is splendidly told. . . A masterpiece of storytelling and first-rate intellectual history.” --*The Wall Street Journal* “As readable as a finely written novel. . . social history in the Barbara Tuchman tradition.” --

San Jose Mercury News “Literary alchemy. . . . Shorto’s exhaustively researched and highly readable book is a stirring re-examination. . . . Brilliant and magisterial narrative history” —Chicago Tribune “Masterly . . . A new foundation myth . . . Shorto writes at all times with passion, verve, nuance and considerable humor.” —The New York Times Book “Rattlingly well told—a terrific popular history about a past that beautifully illuminates the present.” —The Sunday Times [London] “A dramatic, kaleidoscopic and, on the whole, quite wonderful book. . . . This is one of those rare books in the picked-over field of colonial history, a whole new picture, a thrown-open window. . . . [A] full-blooded resurrection of an unfamiliar American patriot.” —The New York Observer “Deserves to be a bestseller . . . narratively irresistible, intellectually provocative, historically invaluable” —The Guardian “A spry, informative history. . . . Shorto supplies lucid, comprehensive contexts in which to see the colony’s promise and turmoil. . . . [D]elivers the goods with clarity, color and zest.” —The Seattle Times “As Russell Shorto demonstrates in this mesmerizing volume, the story we don’t know is even more fascinating than the one we do . . . Historians must now seriously rethink what they previously understand about New York’s origins . . .” —The New York Post “Russell Shorto fires a powerful salvo on the war of words over America’s origins . . . he mounts a convincing case [that], in Shorto’s words, ‘Manhattan is where America began.’ Readers . . . find themselves absorbed in what can only be described as a plot, revolving around two strong men with conflicting visions of the future of Dutch North America.” —America: The National Catholic Weekly “Fascinating. . . . A richly nuanced portrait set against events on the world stage.” —Time Out New York “Shorto brings this . . . deeply influential chapter in the city’s history to vivid, breathtaking life [with] a talent for enlivening meticulous research and painting on a broad canvas. . . . In elegant, erudite prose, he manages to capture the lives of disparate historical characters, from kings to prostitutes.” —Pittsburgh Post-Gazette “Remarkable. . . . [C]ompulsively interesting. . . . Shorto argues that during the brief decades of its Dutch colonial existence Manhattan had already found, once and for all, its tumultuously eclectic soul.” —New Statesman “Shorto delineates the characters in this nonfiction drama convincingly and compellingly.” —Fort Worth Star-Telegram “[An] absorbing, sensual, sometimes bawdy narrative featuring whores, pirates, explorers and scholars. With clarity and panache, Shorto briskly conveys the complex history of the age of exploration.” —Times Literary Supplement “Shorto’s book makes a convincing case that the Dutch did not merely influence the relatively open, tolerant and multicultural society that became the United States; they made the first and most significant contribution.” —American History “Shorto’s prose is deliciously rich and witty, and the story he tells—drawing heavily on sources that have only recently come to light—brings one surprise after another. His rediscovery of Adriaen van der Donck, Peter Stuyvesant’s nemesis, is fascinating.” —Edward G. Burrows, coauthor of *Gotham: A History of New York City to 1898*, winner of the Pulitzer Prize in History “A landmark work . . . Shorto paints the emotions and attitudes of his characters with a sure hand, and bestows on each a believable, living presence.” —The Times (London) “A triumph of scholarship and a rollicking narrative . . . an exciting drama about the roots of America’s freedoms.” —Walter Isaacson, author of *Benjamin Franklin: An American Life*
